

Overview of Web-based Payroll

Web-based payroll is our easy, hassle-free and inexpensive payroll service. Employers, who are familiar with QuickBooks “do-it-yourself” and similar payroll systems, as well as popular payroll outsourcing services, will be very pleased with this service.

- Quick and easy, anytime, anywhere online payroll processing
- Run your payroll, and then we’ll manage all your payroll taxes for you. You do nothing
- Enjoy unlimited access to live, attentive Payroll Experts right here in the U.S.
- Pay your employees with direct deposit or instantly print checks yourself
- No more workday interruptions to submit payroll, so you can focus on growing your business
- Easily import your payroll into your company accounting system. Support is available for many popular accounting systems, including QuickBooks. Have us remotely import your data for you if you’d like.
- No additional charge for direct deposit
- No more paying for a payroll subscription for do-it-yourself options to processing your payroll
- All the reports you’ll need will be available for you online at your secured site
- Have your employees access their own W2’s online and print themselves if you’d like

Web-based payroll includes the following:

- Federal, state and local payroll tax calculations, deposits, and filings*
- Direct deposit for employees
- Payroll reports: Payroll summary, 401K, cash requirements, department summary, department detail, vacation/sick/personal time tracking, pay stubs
- Employee self-service: Allows employees secure, view-only, online access to their personal payroll information, including the ability to print W-2s and pay stubs
- Electronic notification to employees, letting them know that they’ve been paid
- E-mail reminders, letting you know when it’s time to process payroll
- Unlimited customer care
- Optional export to QuickBooks
- Optional, year-end W2’s and 1099’s

How it works:

1. Have your deposit for your next payroll available 2 days before processing
2. Login to your secured site
3. Review your payroll. Make changes as necessary (e.g. change hours)
4. Click to run
5. Print any paper checks that are not being direct deposited

That’s it. That’s our web-based payroll service: Easy, hassle-free and inexpensive. Contact us for your instant quote.
